

2017 CORESTA JOINT STUDY GROUPS MEETINGS

SMOKE SCIENCE / PRODUCT TECHNOLOGY

8-12 October 2017
Kitzbühel, Austria

AGRONOMY & LEAF INTEGRITY / PHYTOPATHOLOGY & GENETICS

22-26 October 2017
Santa Cruz do Sul, Brazil

POSTER PRESENTATIONS

The poster sessions will be held as follows:

- The SMOKE SCIENCE / PRODUCT TECHNOLOGY POSTER SESSION will be held on **Tuesday, 10 October**.
 - Posters are to be brought to the Meeting Office on *Monday, 9 October*.
- The AGRONOMY & LEAF INTEGRITY / PHYTOPATHOLOGY & GENETICS POSTER SESSIONS will be held during the coffee and tea breaks on **Tuesday, 24 October**, and at midday on **Wednesday, 25 October**.
 - Posters are to be brought to the Meeting Office on *Monday, 23 October*.

Please ensure that your poster is attended by at least one author **during the Poster Sessions**.

Poster presenters are also advised of the following:

1. You may wish to bring some A3 or A4 sized copies of your poster or supplementary information that can be handed out to delegates.
2. Kindly note that all presentations will be gathered and made available to participants after the Meeting. If you wish your poster to be included with all the presentations, please e-mail an electronic file (in PDF or other format) of your poster to the CORESTA Secretariat together with the "Permission to Publish" form on page 5.
3. Please read carefully the notes, on page 2, which provide additional important instructions for poster presenters.

SUBMISSION OF MANUSCRIPTS

The authors of abstracts selected for poster presentations should follow the procedure detailed below and are encouraged to send the full texts of their manuscripts before:

- **29 September 2017** for Smoke Science / Product Technology
- **13 October 2017** for Agronomy & Leaf Integrity / Phytopathology & Genetics

Manuscript Format

1. The manuscript must contain:
 - TITLE of POSTER PRESENTATION (IN CAPITALS) in English
 - Name of authors (underline author who will make the presentation)
 - Address of each author
 - Summary of up to 300 words in English
 - The rest of the manuscript must be in English
2. The total length of the manuscript should be approximately 8 pages, including the summary on the first page, tables, figures and references.
3. The manuscript should be sent in electronic format (either Word or PDF document), together with the Identification Form on page 4, to the CORESTA Secretariat before the above mentioned deadlines. A paper copy may be requested should any software compatibility problems be encountered.

INSTRUCTIONS FOR THE PREPARATION OF POSTERS

The poster display boards will be supplied at the event venues. The recommended size and orientation of the posters are as follows:

- 120 cm x 85 cm landscape** format for Smoke Science / Product Technology
- 85 cm x 120 cm portrait** format for Agronomy & Leaf Integrity / Phytopathology & Genetics

Preferably use print shops that are now able to economically produce an attractive plastic sheet combining your text and illustrations.

At the top of each poster the title, authors and author affiliations should be clearly stated. Logos and advertising material should not be used. The lettering of the title should be at least 50 mm high and the lettering of the remainder of the title strip at least 25 mm high. All poster material should be confined to the space provided. Bear in mind that the illustrations and text must be read from a distance of at least 2 metres. All lines should be heavily drawn. Typed materials should be in the largest typeface available.

SUGGESTED GUIDELINES:

1. Remember that the poster will be available for viewing and discussion for several days. Posters should be readable from 2 metres away. The poster should be able to be understood without oral explanation.
2. Aim for clarity and simplicity. Make an initial rough layout (see accompanying diagram), keeping in mind the proportions of figures, tables, and text. Try to maintain a balance by utilising approximately 60% of the poster board area.
3. A good poster should be like a good paper. The objective of the work should be stated. Experimental details should be concise. Tables and conclusions should be clearly stated.
4. **DO NOT** overload the poster with excessive text and data. Use significant words, rather than sentences.
5. You may wish to prepare a few A3 or A4 print-outs of your poster for distribution to delegates.

MAKING YOUR POSTER

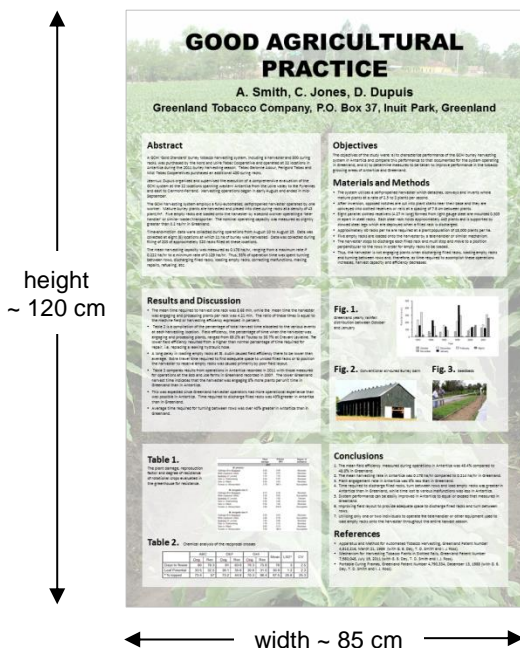

DO:

1. Make all material readable from 2 metres (minimum letter height should be 8 mm)
2. Make the poster self-explanatory
3. State your objective and give concise experimental details
4. Make clear tables and give a clear conclusion

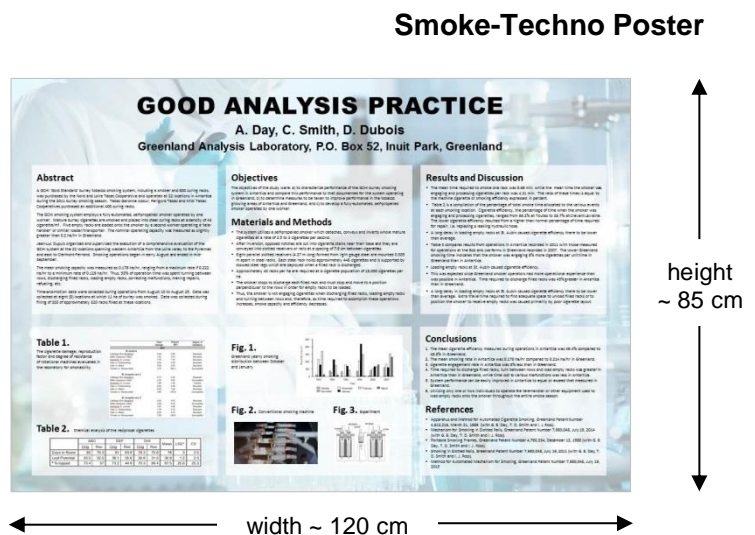

AVOID:

1. Excessive text
2. Overcrowding the surface

2017 CORESTA JOINT STUDY GROUPS MEETINGS

PUBLICATION AND DISTRIBUTION OF DOCUMENTS

Publication and distribution procedures for presentations are designed for smooth integration into the new CORESTA website.

ABSTRACTS

All the abstracts of presentations will be published on the CORESTA website and made available to the general public.

FULL TEXTS (MANUSCRIPTS)

All the full texts will be reserved for the CORESTA membership only and will be placed in the password protected section of the website. Please note, CORESTA cannot be held responsible for the subsequent use made of downloaded full texts by CORESTA members with access to the private section of the website.

Authors who do **NOT** wish their manuscript to be on the website should cross out the boxed section on the Manuscript Identification Form on page 4.

POSTER PRESENTATIONS

Authors are asked to submit a PDF version of their Poster.

PDF versions of Posters will also be published on the CORESTA website, either in the public section or the private section, depending on individual author request. Please note, CORESTA cannot be held responsible for the subsequent use of downloaded presentations by the public, or by CORESTA members with access to the private section of the website. Authors reserve the right to refuse publication of their Poster on the CORESTA website.

All authors who submit a PDF version of their Poster are asked to complete the Permission to Publish Form on page 5 and return it to the CORESTA Secretariat before 29 September for Smoke Science / Product Technology and 13 October for Agronomy & Leaf Integrity / Phytopathology & Genetics.

If no form is returned to the CORESTA Secretariat by the above deadline, it will be assumed that the authors agree to have a photograph (in PDF format) of their Poster publicly available on the CORESTA website.

CONTACTS

Agronomy & Leaf Integrity Group Secretary

Marcos LUSSO - Altria Client Services, Inc., 601 East Jackson Street, Richmond, VA 23219, U.S.A.
Phone: +1 804 335 2281 - Fax: +1 804 335 2095 - Marcos.F.Lusso@Altria.com

Phytopathology & Genetics Group Secretary

Irving BERGER - Souza Cruz S.A., Av. Frederico Augusto Ritter, 8000, Cachoeirinha, 94930-230 RS, BRAZIL
Phone: +55 51 3441 7656 - Fax: +55 51 3441 7739 - irving.berger@souzacruz.com.br

Smoke Science Group Secretary

Rob STEVENS - ITG Brands, 420 N. English Street, Greensboro, NC 27405, U.S.A.
Phone: +1 336 335 6791 - Fax: +1 336 335 6924 - rob.stevens@itgbrands.com

Product Technology Group Secretary

Karl WAGNER - Altria Client Services, Inc., 601 East Jackson Street, Richmond, VA 23219, U.S.A.
Phone: +1 804 335 2703 - Fax: +1 804 698 9258 - Karl.A.Wagner@altria.com

CORESTA Secretary General

Pierre-Marie GUITTON - CORESTA, 11 rue du Quatre Septembre, 75002 Paris - FRANCE
Phone: +33 1 58 62 58 71 - Fax: +33 1 58 62 58 79 - pmguitton@coresta.org
